

YOUR EXPERTS FOR EVERYTHING DATA

DATA DRIVES YOUR BUSINESS

In today's data-driven world, the success or failure of organizations largely depends on their ability to transform data into actionable insights that drive innovation and growth. Storing, managing and moving data is now a core business strategy that has the power to fuel an unstoppable competitive edge—but only if it's done right.

THE DEMANDS ARE OVERWHELMING

Users need fast, round-the-clock access to data, simple tools to analyze it and seamless ways to collaborate across departments. Storing the data, plus building and managing the infrastructure to deliver a great user experience, today and tomorrow, economically, is more challenging than ever. When it comes to scalability across multiple datacenters and in the cloud, 24/7 availability, speed, affordable and efficient manageability, risk and compliance—even fast recovery in the event of a disaster—compromise isn't an option.

EAGLE DATAGISTICS—DATA IS OUR BUSINESS

Since 2003, Eagle has been helping medium-sized to enterprise businesses like yours throughout Florida make the most of their data—simply, efficiently and affordably. Whether you need to deploy or manage a distributed data architecture, are looking to leverage cloud, searching for the right enterprise-class SAN/NAS storage or want a rock-solid disaster recovery solution, we're here to deliver proven solutions based on best practices.

Like the eagle, our expert team is equipped with keen vision to see the big picture and day-to-day requirements, problem solving skills based on hands-on experience, and a fearless focus to face challenges and get the job done. While our specialty is data, our strength is our people. In addition to earning recognition year-after-year as a long-time Oracle Gold Partner, our skilled team of developers and Database Administrators approach every opportunity with an unwavering commitment to build long-lasting, mutually beneficial relationships, a sincere desire to understand your needs and goals, and the dedication to find the best solution regardless of who makes the sale. We're also proud to partner with XIO Storage.
